

**Rhea Yates**

I volunteer with the Manitoba Lung Association because of the commitment shown by board members and staff to helping Manitobans breathe. I joined the board in 2016.

I have a Bachelor of Journalism from Carleton University. I began my career working as a journalist, and for many years have worked as a communications consultant. I joined the Canadian Museum for Human Rights in 2014 and am currently the Manager of Digital Outreach.

I am a volunteer team lead for the Canada Summer Games and a volunteer at Westworth United Church.
